

Increase safety with SELECT's TIPIT® ligature-resistant hospital tip

FOR USE IN HOSPITALS, CORRECTIONAL FACILITIES, SCHOOLS AND OTHER INSTITUTIONS

Black TIPIT® on dark bronze anodized full surface hinge. Specify [TIPIT LB].

Black TIPIT® on dark bronze anodized concealed hinge. Specify [TIPIT CB].

Gray TIPIT® on clear anodized full surface hinge. Specify [TIPIT LG].

Gray TIPIT® on clear anodized concealed hinge. Specify [TIPIT CG].

Make rooms safer and meet legal requirements by retrofitting doors with the patented SELECT TIPIT® hospital tip. The tip deters patients or inmates from harming themselves by hanging objects from the hinge.

- Prevents objects from being attached to top of hinge (ligature-resistant)
- Made from durable, high-tech polymer
- Securely fastens to door frame header
- Works for retrofit or new applications
- Fits most other brands of geared continuous hinges
- Includes #10 Torx® SST security screw(s)
- Colors:
 - Black — for dark bronze anodized hinges
 - Gray — for clear anodized hinges

For use in:

- Hospitals
- Correctional facilities
- Schools
- Other institutions

The SELECT TIPIT hospital tip works with our geared continuous hinges (excluding SL40, SL60 and SL62) to meet institutional requirements for preventing objects from being hung from the hinge.

Order the SELECT TIPIT hospital tip with any new SELECT geared continuous hinge (excluding SL40, SL60 and SL62), or add this safety feature to most other brands of full surface, half surface, concealed or swing clear geared continuous hinges (new or retrofit applications).

Contact us to specify the SELECT TIPIT® ligature-resistant hospital tip with your next order. See back for ordering information.

SELECT geared continuous hinges are performance-proven through 25 million cycles in independent testing and backed by the industry's only Continuous Warranty™. It covers any failure of our geared hinges under normal use with no expiration date.

Increase safety with SELECT's ligature-resistant hospital tip for new construction

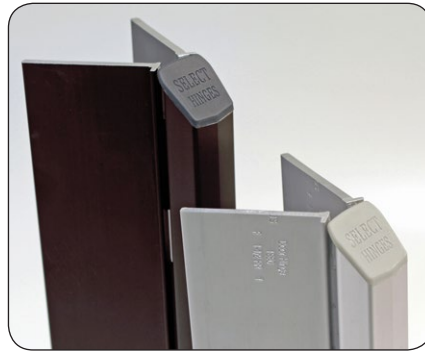

FOR USE IN HOSPITALS, CORRECTIONAL FACILITIES, SCHOOLS AND OTHER INSTITUTIONS

SELECT's ligature-resistant hospital tips deter patients or inmates from harming themselves by hanging objects from the hinge.

The new and improved SELECT angle-cut hospital tip provides safety with a slanted tip and durable polymer end cap that leaves no exposed edges.

- Concealed hinges (excluding SL71) can be prepared with slanted tips. Handing required, except on SL11, SL27 and SL38.

SELECT's ligature-resistant hospital tip [HT] on concealed geared continuous hinges.

Hinge Prep Hospital Tip Order Information

Angle-cut hinge preparation for new concealed hinges (excluding SL71).

■ Hospital Tip Hinge Preparation [HT]

Available on the following model hinges: SL11, SL14, SL18, SL24, SL26, SL27, SL31, SL38, SL44 and SL48 concealed hinges only. Handing required, except on SL11, SL27 and SL38.

Not available on SL71 concealed safety hinges, SL21 and SL57 full surface hinges, SL53 and SL54 half surface hinges, SL40 wide throw hinges, SL41 swing clear hinges or SL60/62 toilet partition hinges.

TIPIT® Hospital Tip Order Information

TIPIT® Hospital Tips include #10 Torx® security screw(s) and are available in gray (G) or black (B). TIPIT C and TIPIT L can be used in both new and retrofit applications. Patented design. (See complete information on other side.)

■ [TIPIT C] (G or B)

For SELECT concealed geared continuous hinges (excluding SL71).

Mounts on surface of frame, above the hinge. **Retrofit applications:** Fits above SELECT brand and most other brands of concealed geared continuous hinges. (See TIPIT L for SL71 and other concealed safety geared continuous hinges.) Includes small TIPIT® and one (1) Torx® security screw.

■ [TIPIT L] (G or B)

For SL21 and SL57 full surface hinges, SL53 and SL54 half surface hinges, SL41 swing clear hinges and SL71 concealed safety hinges.

Mounts on surface of frame, above the hinge. **Retrofit applications:** Fits above SELECT brand and most other brands of full surface, half surface, swing clear and concealed safety geared continuous hinges. Includes large TIPIT® and two (2) Torx® security screws.

■ [TIPIT PREP]

For SL21 and SL57 full surface hinges, and SL53 and SL54 half surface hinges. New applications only.

Order hinge, specify: TIPIT PREP. Factory preparation of door leaf covers, for field installation of #10 Torx® security screws. Includes two (2) Torx® security screws.

NOTE: Order TIPIT L separately.

NOTE: Not necessary for SL41 swing clear hinges or SL71 safety hinges.

SELECT geared continuous hinges are performance-proven through 25 million cycles in independent testing and backed by the industry's only Continuous Warranty™. It covers any failure of our geared hinges under normal use with no expiration date.
